

Use of Private Road Permission Agreement

The Carteret County School System and _____ do hereby enter into this agreement granting permission for school buses to travel on the latter's private roads. Said Association/owner understands and agrees that the Carteret County School System will assume no responsibility or liability for damage or maintenance of these roads. The private roads in question must meet or exceed the following specifications, but exceptions may be made by the Transportation Director if the exception can be made without jeopardizing safety of the students or the school bus:

1. The width of the road must be that of which the D.O. T. would approve for - state maintenance (not less than 18 feet wide).
2. Streets must be open to public vehicular traffic (no gates).
3. Each intersection must be clearly marked with stop signs that are comparable to state approved signs.
4. Intersections must have adequate sight distance in all directions.
5. A bus must be able to travel the road without tree limbs or bushes brushing the vehicle.
6. The road must be kept in good repair as determined by the Transportation Director.
7. Failure to maintain all the aforementioned items could result in temporary or permanent suspension of services on these roads.

We/I, the officer/owners of _____ which has been duly registered with the Register of Deeds and has provided the Transportation Director a copy of rules and bylaws, do hereby give written permission to the Carteret County School System to have their buses travel on our private roads for the purpose of picking up and dropping off resident students.
